**Fuchsia "Delta's Groom" - located in Upper Loop Rose Red tube and sepals / Dark Purple-Red Corolla Single Flowers Vigorous Upright Zones 7-9 Profuse bloomer Full sun, part shade Herbaceous Perennial Water regularly Fertilize regularly 4-6' tall**

Fuchsia "Delta's Groom" is a vigorous, upright shrub with single blossoms that feature rose red sepals with a dark purple-red corolla. It grows 4 to 6 feet high in full sun to part shade.

In early to mid-spring, cut back the previous year's flowering stems to within a bud or two of the older woody framework. Remove any thin, weak or dead growth to stimulate strong new growth on which flowers will be produced in late summer.

Add the flowers to salads, crystallize them for a sweet garnish or add them to jellies for an extra splash of color.
