

**Phlox paniculate 'Party Girl'**

☼ 3x3 Z8 White w Pink flowers

**Phlox paniculata 'Party Girl' - located in Birdbath Bed Zones 3-8 White Flowers with a Star-shaped Light Pink Centers Full sun, part shade Herbaceous Perennial Long-flowering Rebloomer Acid to Neutral Soil Mildew resistant 3'x3'**

'Party Girl' is known for disease resistance, specifically mildew that often plagues Tall Garden Phlox. Fragrant white flowers with light pink star-shaped centers bloom from mid to late summer. Best in full sun.

Good for cut flowers, this native perennial attracts butterflies, hummingbirds and is pollinator-friendly.
